

The background of the poster is a composite image. On the right side, there is a close-up, high-angle shot of a young man's face, looking towards the camera with a serious expression. On the left side, there is a historical painting depicting Jamaican soldiers in World War I. The painting shows a large portrait of a soldier in a military cap at the top left, and below it, a group of soldiers in silhouette walking across a field. In the foreground of the painting, there are palm trees and a building with a sign that reads "BAPTIST BAR". The overall color palette of the painting is muted, with greens, browns, and greys.
